

Introducing **Idealtech** Drum Unloaders offered by MELTWOOD USA:

Discover the perfect fusion of American values, Italian craftsmanship and German precision. **Idealtech** Drum Unloaders deliver exceptional performance, reliability, and durability, surpassing expectations.

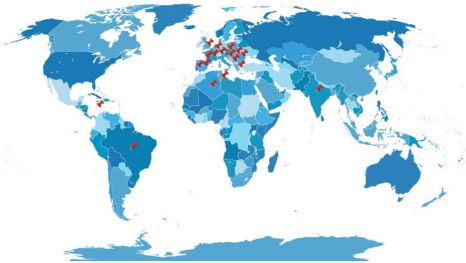

**Idealtech** provides **specialized** drum unloading systems, backed by decades of experience and accumulated knowledge, offering complete and tailored solutions to meet your **company's** needs.

*Get ready to take your investment to another level!*

*20+ years of Real-World Expertise !*

*Presence in 23 Countries around the world*

*Now in the U.S.A!!*

## High-Volume Processing Made Easy

**Preserve Adhesive Quality** - **Idealtech** Drum Unloaders safeguard PUR adhesive from undesired filaments caused by air humidity. The closure of the melting loader and the air discharge system ensures optimal adhesive quality.

**Accurate Dosage** - Gear pumps provide precise adhesive dosage. Choose the pump based on desired supply capacity and product and product viscosity, ensuring controlled and consistent results.

**Elevate your production** - Upgrade your production capabilities with the Drum Line. Process high volumes efficiently while maintaining adhesive integrity. Experience unmatched performance and flexibility.
